

## The perfect scrubber dryer for cleaning in tough and dirty environments

With this medium-sized walk-behind scrubber dryer you can easily clean floors in tough and dirty environments. The FANG 20HD is easy to manoeuvre and easy to use. With variable pad pressure you can easily adjust to your specific cleaning needs.

For very dirty areas just add more pressure. Furthermore the machine has a transaxle drive system with variable speed drive. A big tank capacity and longer battery run time makes it possible to clean for a longer time.

You will find it ideally suitable for scrubbing and drying in tough and dirty environments such as building contractors and industrial environments.

## PRODUCT FACTS

- Simple, easy to use controls
- Rotationally moulded housing
- Up to 91kg of variable pad pressure
- Variable speed transaxle drive
- Forward and reverse drive
- Heavy duty cast aluminum squeegee assembly

Model	FANG 20HD
Ref. no	50000197
Description	FANG20HD-EU
